

LEVITTOWN SOCCER CLUB TRAVEL COACH APPLICATION PROCESS

Thank you for your possible interest in coaching at the 2010 birth year for travel soccer in our club. The LSC Travel Program is focused toward fielding new travel teams comprised of the best players and a head coach to lead the team in their development.

The selection of the new 2010 Boys and Girls teams head coaches is done by a selection committee formed by the Levittown Soccer Club Board. **The committee will select coaches for new travel teams based upon a properly completed application, which is submitted to the Travel Director by May 18, 2018.** Verbal requests or incomplete resumes will not be considered.

The committee will interview each applicant and review their application before making a final selection. The committee will submit the name of the selected coach to the LSC President and/or Board of Directors for final approval. The committee will be formed by the Travel Director, as the chairperson, and other LSC members. A neutral person could be asked to serve on the committee to aid in the selection. The committee will consist of no more than 5 persons.

The coaching application submitted to the selection committee should contain the following:

- Name/Address/Home and Cell Phone Numbers/Email Address
- LSC Coaching Experience-Intramural and Developmental
- Personal Playing Experience-High School or College
- Coaching License (NSCAA or USSF Level) or Certificates
- Boys or Girls Team interest.

Each applicant will be asked the following question as part of the application: What are your coaching goals and how have you accomplished these goals over the past seasons with intramural and developmental players?

Each applicant should also submit a written 90-minute practice planned session with details about the goals of the session towards player and game situations or development. This will be used in the interview process.

The coaching interview process will be conducted prior to the release date of the tryout player rankings for the 2010 age group. Coaches who have submitted a completed resume will be allowed access to the field during the tryout sessions.
